RE: Removal of Members Due to Military Active Duty

Members enrolled in the FOP Legal Defense Plan who have terminated their membership due to a call to active duty may place their membership on hold. If these members wish to reinstate their legal defense plan membership after returning from active duty, please inform Hylant Group as soon as possible. These members shall retain their original retroactive date. Legal defense fees for these officers do not need to be paid while they are away for military duty.

If you have any questions, you may contact Hylant Group at 1-800-341-6038.
Thank you.
